

### PLANET™

Design: Sven Ivar Dysthe

A chair for social occasions The Planet™ is ideal for the living room, for sitting and watching television and also for gathering around the table at social occasions. It looks great with other Planet™ chairs or simply combined with sofas and other styles of chair. The removable seat cushion makes the Planet™ easy to clean.

**Customer's own fabric:** 1,75 x 1,40 m

**Leather:** 3,10 m<sup>2</sup>

### PLANET™ Tisch

Design: Sven Ivar Dysthe

Planet™ table together with Planet™ chairs create a perfectly balanced order that blends harmoniously with the rest of your interiors.

The height of the table together with chairs are perfect for active sitting.

#### Respect for the environment:

Using environmentally friendly materials and methods is a major priority for Variér®. We also attach importance to ensuring that the production methods are environmentally friendly.

#### Materials:

All wooden parts - inserts and the table top - are delivered in solid oak in two versions; oiled natural or oiled with white pigments.

#### Fabrics and leathers:

We offer fabrics of high wear resistance and classic appearance supplied by acclaimed European specialists (Kvadrat, Innvik, Gabriel) in more than 200 colours. We offer high quality semi-aniline leathers from European leather merchants applying eco-friendly production methods when developing raw hide into furnishings.

**Cushion:** Polyurethane foam.

#### Guarantee 7 years/5 years:

Variér® offers an extended 7 years guarantee on all wooden parts and 5 years on mechanical parts to customers who register their products in our product database. Variér's guarantee only covers manufacturing defects and does not include misuse, normal wear and tear and defects caused by exposure to sunlight. The guarantee will not apply if the customer fails to tighten screws as recommended and this results in damage to the piece of furniture.

PLANET™  
Design: Sven Ivar Dysthe

VARIÉR®  
INTELLIGENT SITTING

VARIÉR®  
INTELLIGENT SITTING

We are created  
to move not  
to sit still

This also reflects our sitting philosophy. We have always focused on developing chairs that by letting you move provide well-being. When you move, you feel good. Both physically and mentally. As long as your body has a choice, it will choose movement over inactivity. Also when sitting.

That's why we have made it our mission to develop chairs based on the movement philosophy. These unique sitting solutions encourage dynamic and active sitting positions, which in turn provide maximum comfort and well-being while seated.

## PLANET™

Sit down and explore the Planet™. Sven Ivar Dysthe conceived the Planet™ in 1965. Now Planet™ appears in the Variér® range – still as elegant and user-friendly – yet with functional improvements that makes it even more comfortable and practical.

True to its name Planet™ lets you rotate a full 360°. Now we've added our unique and patented mechanism that allows you to tilt the seat as well – a new dimension to the movement of the Planet™.

The effect of the tilting mechanism is comfortable sitting with smooth changing of positions. You will achieve the variation and body activity necessary to sit comfortably for hours on end.

### Move your body and tilt the Planet™.

The spring mechanism underneath the upholstery allows you to lean forward, to sit upright at ease and to lean backwards if you need to stretch. The effect is that you can change sitting positions smoothly and achieve the freedom and movement necessary to feel relaxed and comfortable.

The removable seat cushion makes the Planet™ easy to clean.

The matching Planet™ table in solid oak and walnut makes it easy to find complete interior solutions. A few Planet™ chairs around the Planet™ table provide a simple, pure and honest display of Scandinavian designs.

The legs for the Planet™ chair and the Planet™ table are the same and come with inserts in walnut and solid oak.
